1. The minutes of the meeting on 4th September 2000 were agreed after slight amendment.

2. There was further comment upon the interim report of the On-line Laws drafting sub-committee. This took the committee up to and including Law 79. There being no further time available the remainder was remitted to the Executive unexamined (and to have the further attention of the sub-committee).

3. It was agreed that when the draft incorporated the matters raised in the Committee's meetings in Maastricht it should be sent to On-line Game Providers as a consultative document and their feedback obtained.

4. The Committee hoped that the Executive Council would approve of the work as far as it has gone.

5. The Chairman thanked committee members for their work in the three meetings held in Maastricht and closed the meeting.
