To: All WBF Member NBOs

Dear NBO

The WBF Laws Committee has now completed its current review of the Laws and is making available to the WBF Member NBOs the final version of the new 2017 Laws of Duplicate Bridge.

Updated material has been placed on the web at the following location:

<http://www.ecatsbridge.com/lawscommittee/documents/default.asp?type=PDF>

The previously advised login and password still apply.

Of the 93 documents originally posted in January (one per Law), 46 of these have now been updated. Four new additional documents (the Preface, the Introduction, the Definitions and the Index) have also been posted, however the Commentary and the Table of Contents are still yet to be prepared.

All the changes that have been made since the beginning of January are now highlighted in **Green**. The previously shown differences between the 2007 and 2017 codes remain in **Yellow**.

It is expected that a copy of the 2017 Laws of Duplicate Bridge will also soon be available in the form of a single Word document.
